Prior events

Thank you all who attended the December meeting at First Capital Auction. Brain and Eric walked everyone through the auction process at First Capital. First Capital's streamlined approach helps such a large auction run smoothly. Both PEMA and Public Fleet Supervisors Association (PFSA) members were in attendance. Thanks again First Capital for a knowledgeable meeting and the fantastic food that was provided!

Happy New Year!!!

Next PEMA meeting is January 12th, 2010 At City of Lodi's New Fleet Services Facility

PEMA is bringing in the new year with an exciting meeting hosted by the City of Lodi. Municipal Maintenance Equipment (MME) and Stertil-Koni USA will sponsor January's meeting. Don't miss this opportunity to tour Lodi's new facility and hear a presentation by Stertil-Koni USA's President, Dr. Jean Dellamore. Frank Wheeler and the MME crew will also be on hand to answer any questions on their product line. See the attached flyer providing the meeting agenda. Meeting start time is 11:00am and is located at: 1331 S. Ham Lane Lodi, CA. 95242

Look forward to seeing everyone there. Please RSVP by Monday the 11th 10:00am at egustafs@ci.chico.ca.us or 530-894-4202.

2010 PEMA Technician School

PEMA Technician School will be March 30th, 31st and April 1, 2010 at Cosumnes River College, 8401 Center Parkway Sacramento, CA 95823. PEMA is partnering this year with the Sacramento Regional Builders Exchange in a combined effort to host PEMA school and The Sacramento Safety Expo. This partnership will expand the original curriculum opening up opportunities to PEMA membership for other classes. The curriculum will allow organizations within PEMA to offer classes to their internal Public Works and Construction departments. PEMA classes will also be offered to Builders Exchange members with a mechanical background. PEMA membership will have registration priority for PEMA sponsored classes.

Please see the attached preliminary registration forms with PEMA class listings. Registration will start January 13th. Note: The Safety Expo website www.sacsafetyexpo.com states registration will start January 4th. This is incorrect as registration starts January 13th.
